MULTICHARGER INFORMATION

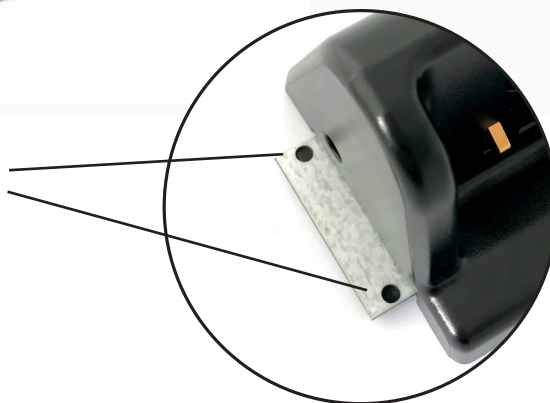

EXAMPLE OF A 5 X MULTICHARGER-SETUP CONSISTING OF:

- 1 X BL804 - *Power adapter 230V*
- 1 X ST-1109 - *Power cable*
- 5 X BL910 - *TP9000EX Smart Charger*
- 4 X AK901 - *Multi-kit*

TIP:

Use an extra Multi-kit plate to fix the multicharger unit secure with screws

The Multi smart charger option is a TP Radio solution that makes it possible to combine multiple chargers as one unit with only one power source.

Simple and easy to connect 2 chargers using the AK901 connector-kit and the power adapter (BL811)

When connecting more than 2 chargers, you will have to use the more powerful adapter BL804 - then you can connect up to 6 chargers in one unit, with one power source.
